I have discussed the work of EJAT with Johanna and suggested that the tribal wetlands workshop might fit as an action item for the EJAT 2019 plan. If you have additional suggestions for activities from our unit for the 2019 plan or have an interest in bringing your perspective and your program's experiences to the EJAT, please feel free to chat with Johanna.

**Subject:** FW: RESPOND BY Nov 28th: Volunteer Opportunity to join the Environmental Justice Action Team

All – The Region is seeking a volunteer to represent the Clean Water Act programs on the Regional Environmental Justice Action Team (EJAT, charter attached). The volunteer would attend monthly EJAT meetings (as available), consider how best to incorporate environmental justice principles into the program's work, and solicit feedback from the various CWA programs on status of commitments made for FY 2019/2020 (currently being developed). As time permits, the Charter also contemplates helping the region with basic EJ awareness through education/training. Also attached is the FY17/18 end of year report so you have an idea of the kinds of activities OWP undertook in the last 2 years.

If you are interested in representing the CWA programs on the EJAT please let me know via email by Wednesday, Nov. 28<sup>th</sup>. Thanks and feel free to stop by with any questions.
